DROUGHT CONDITIONS

With the lack of rain we're experiencing in these drought conditions, you might see water delivery trucks in the District. Currently, we are having water delivered on Friday's and Monday's as we encounter increased use on the weekends. We are keeping a close eye on everything and will update as needed. As always, if you have any problems that are water related, please call Lynn Willow 719 482 5125.

We are recommending that everyone start **WATER CONSERVATION** efforts. Here are a few examples of conservation we hope you'll put to use!

- A **BIG** reminder - there should be NO washing of cars or outside use of water, including watering gardens, lawns, etc. Taking a gallon of water from inside to use on flowers or plants is allowed.
- Turn the water off when brushing teeth or shaving
- If filling a hot tub or the like, please call Gold Rush to have water delivered
- Do larger loads of laundry
- Completely fill your dishwasher before running

Thank you in advance for your conservation efforts.

Jennifer Waller, President
Arabian Acres Metro District
